- Fetch All Boards
- Add a Pin
- Fetch a Pin
- Fetch All Pins
- Follow a Board
- Fetch Following Boards
- Basic User Management*

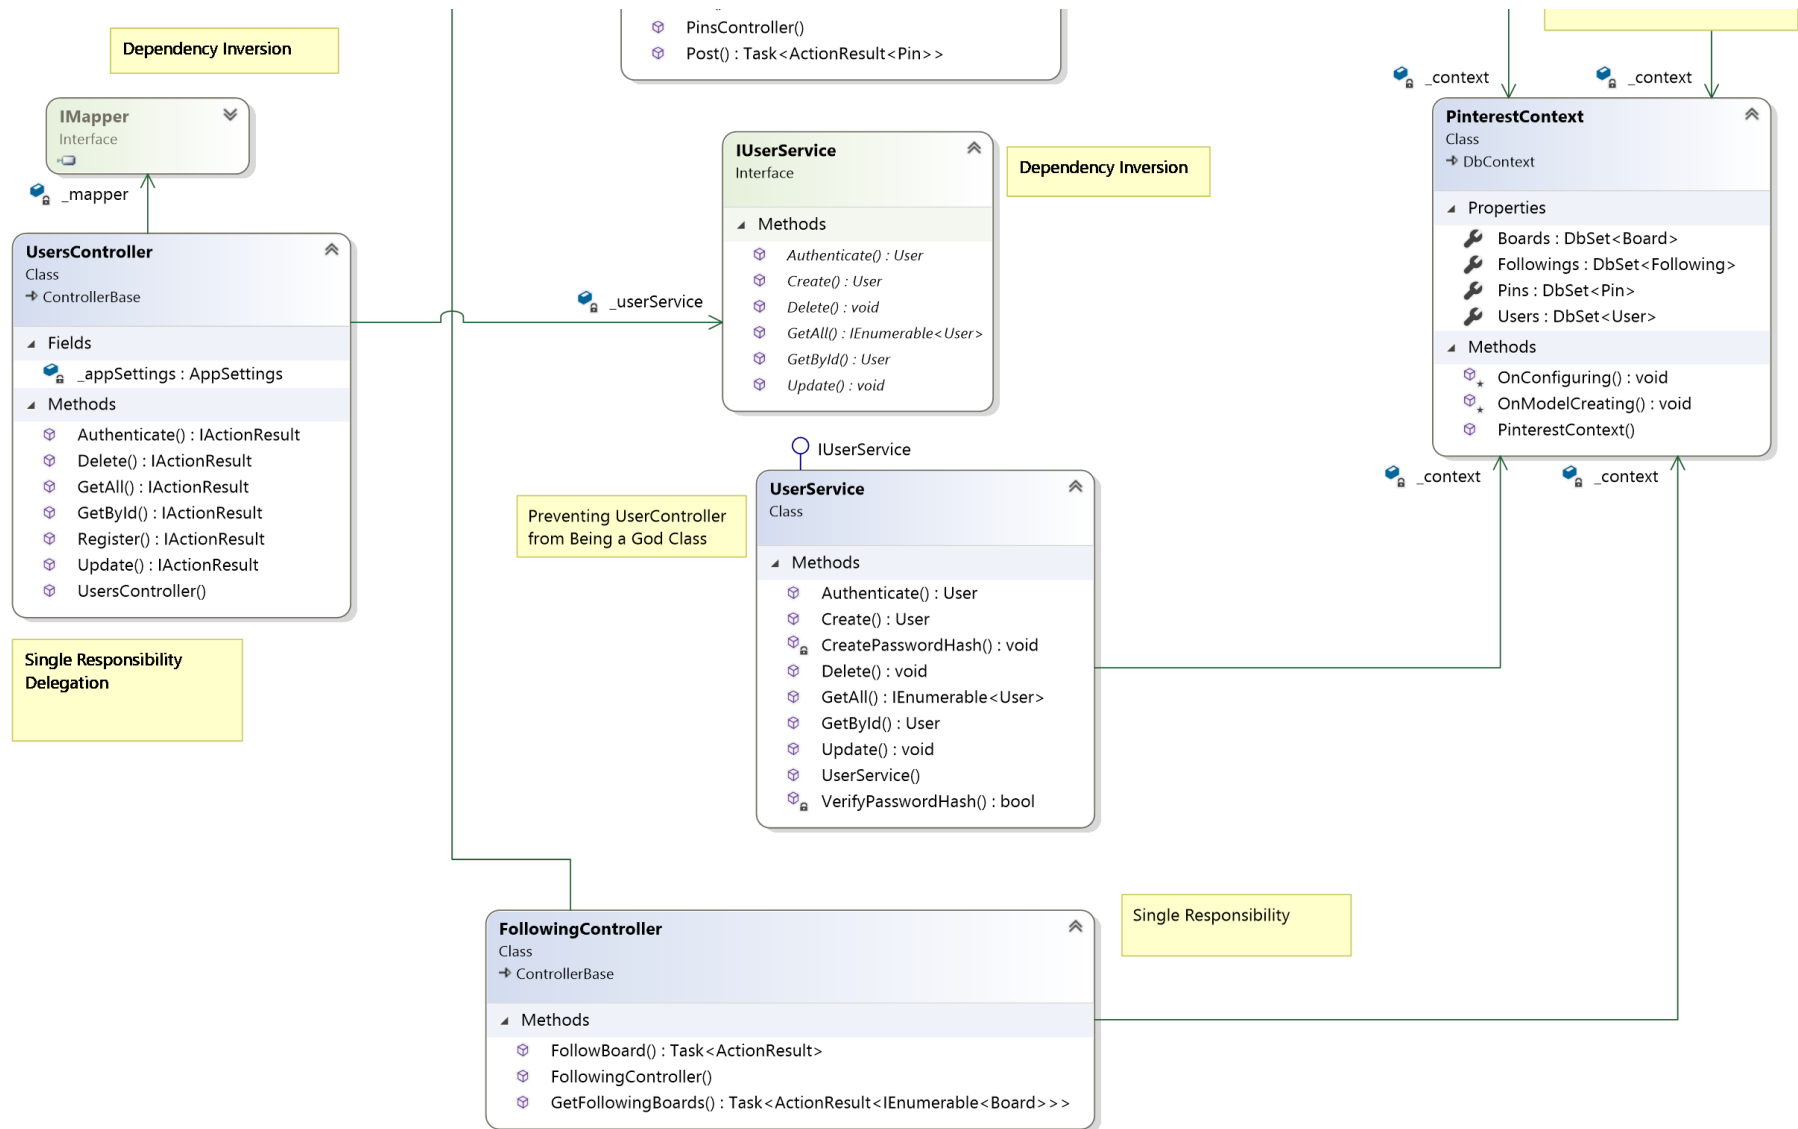

Three Qs

- So far we've answered 2 first Qs
 - Is it part of the essence of the system?
 - What does it really mean?
- Let's answer the last Q
 - How can I implement it?

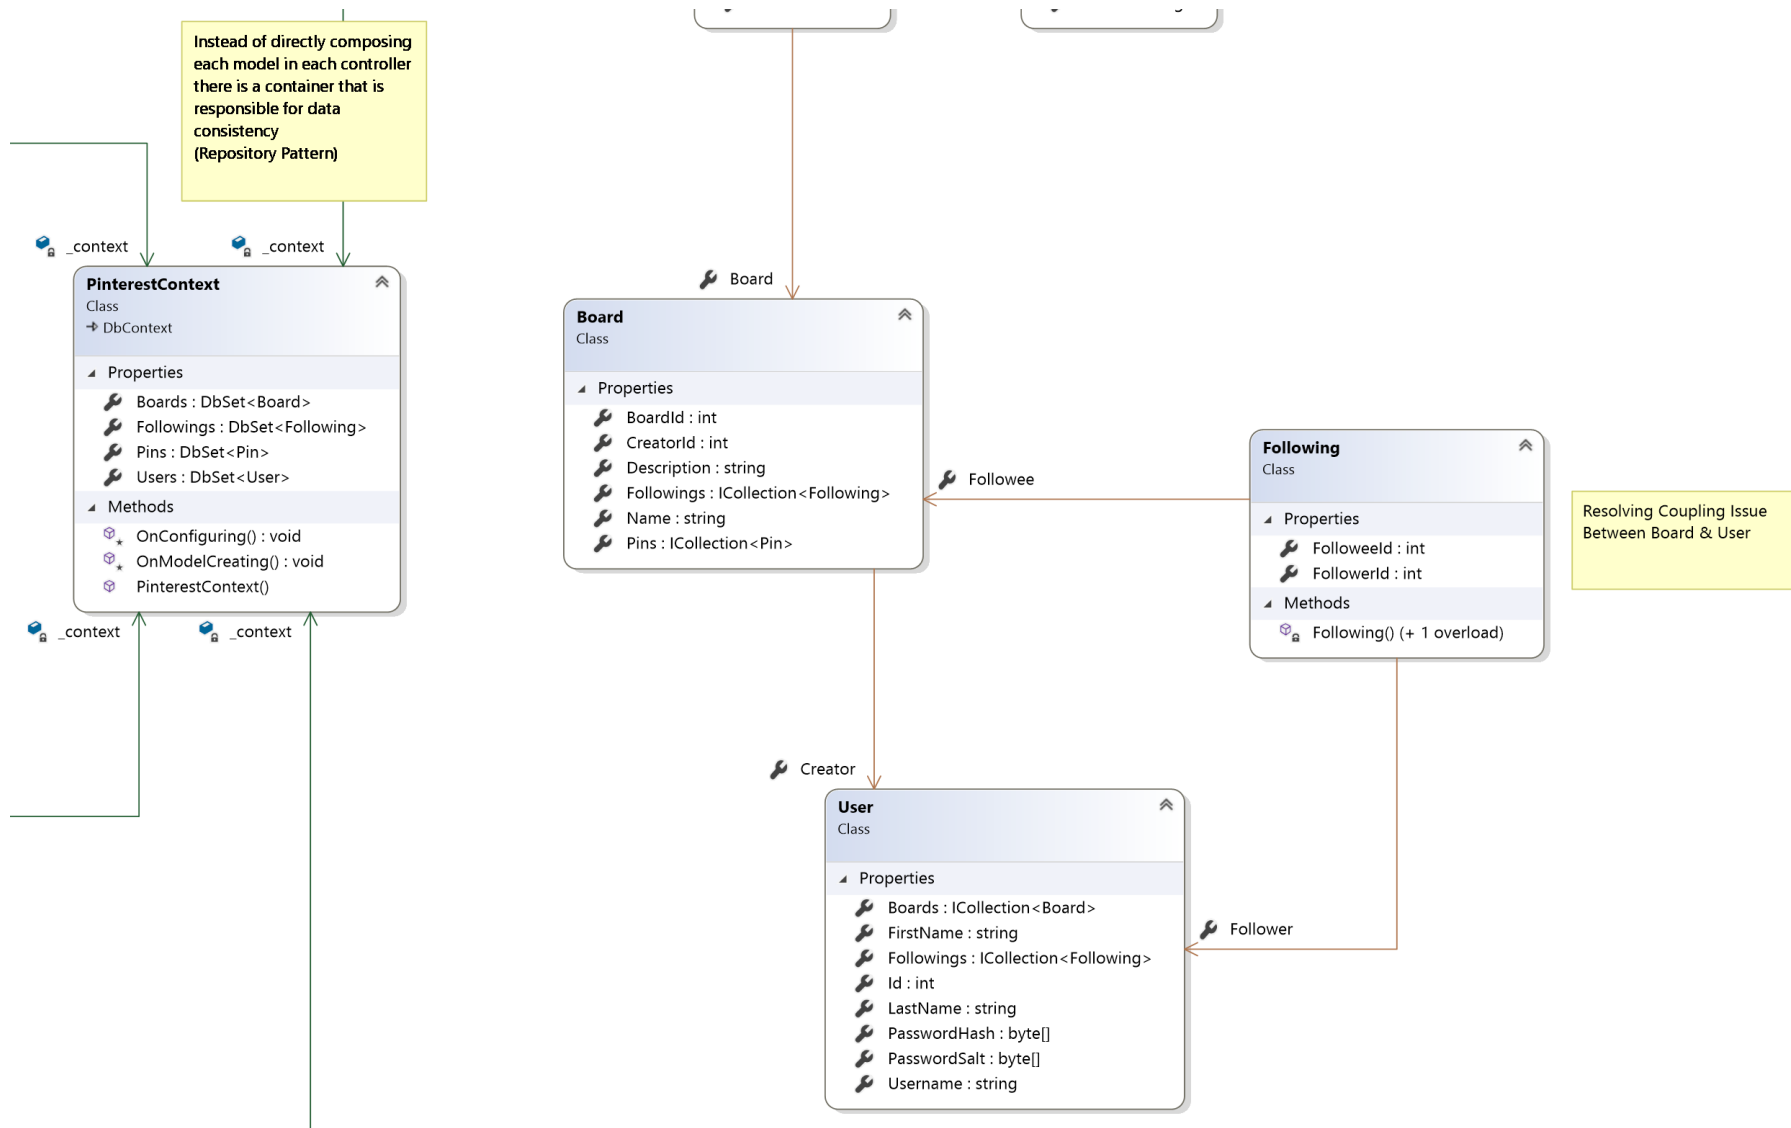

Controllers (Part 1)

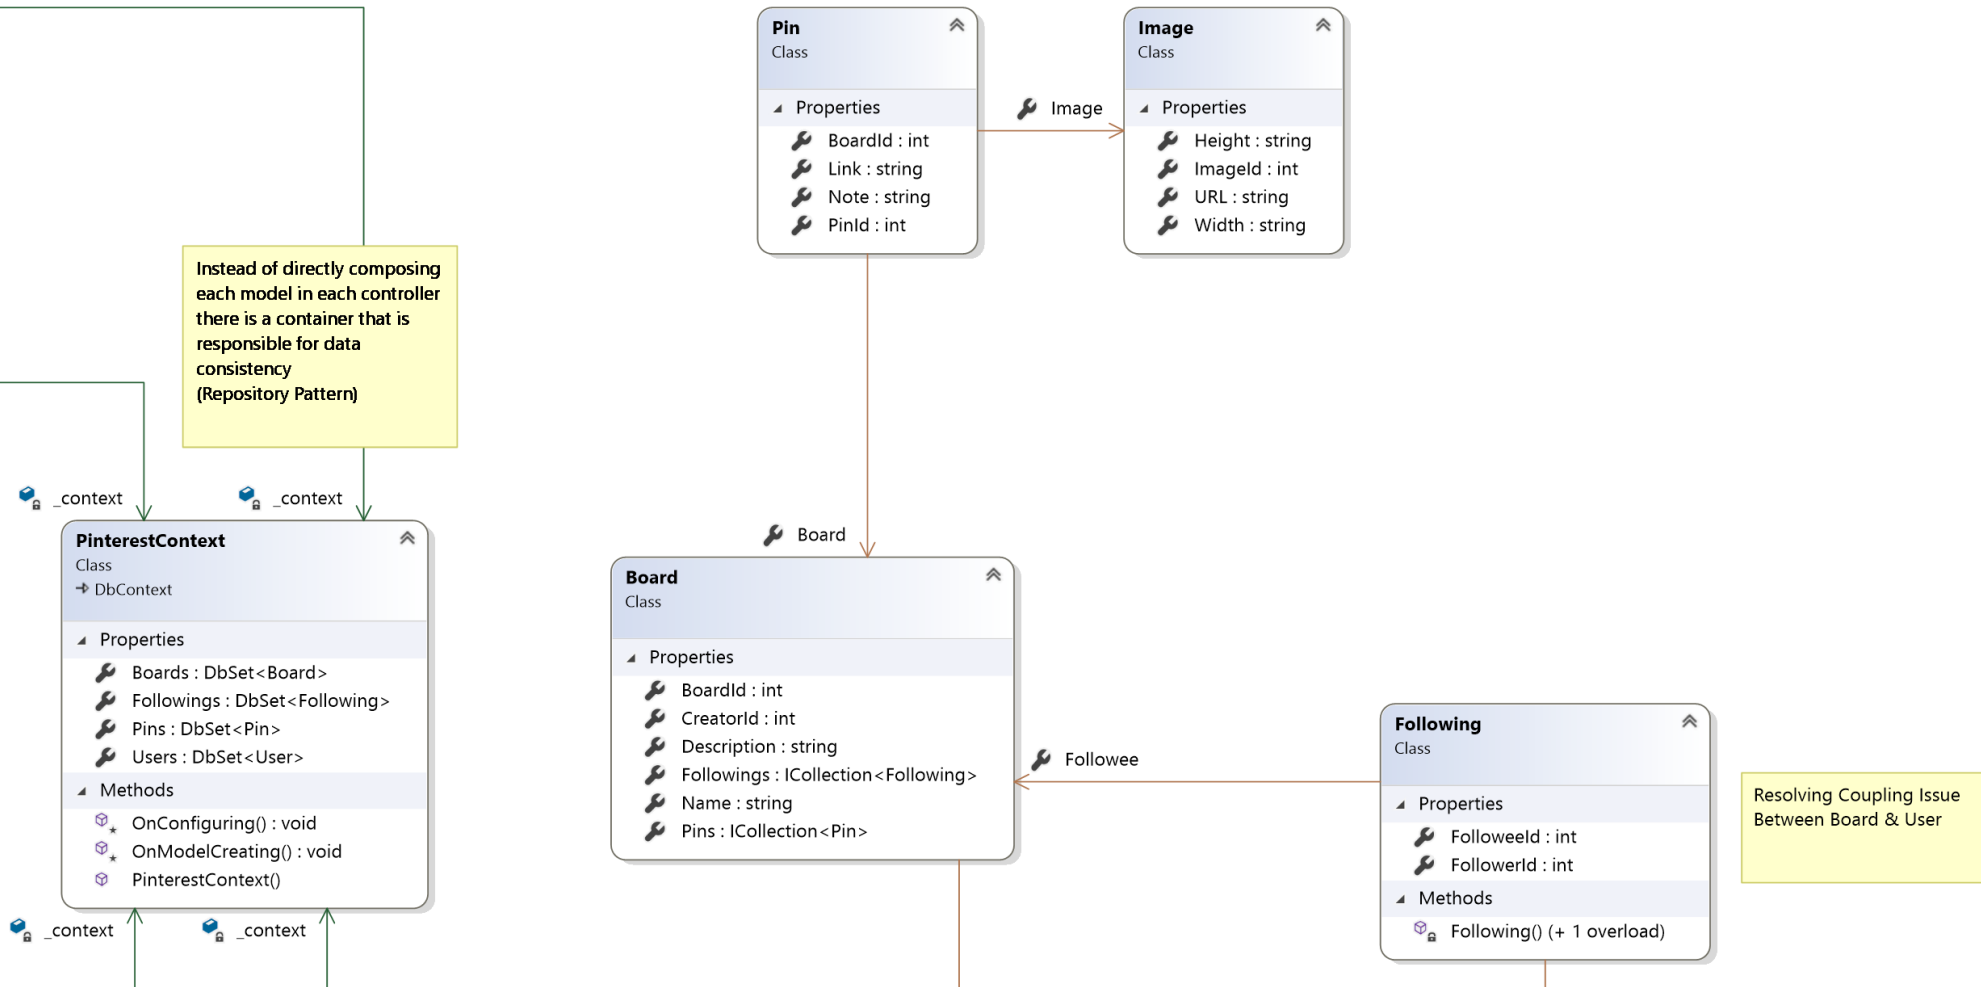

Controllers (Part 2)

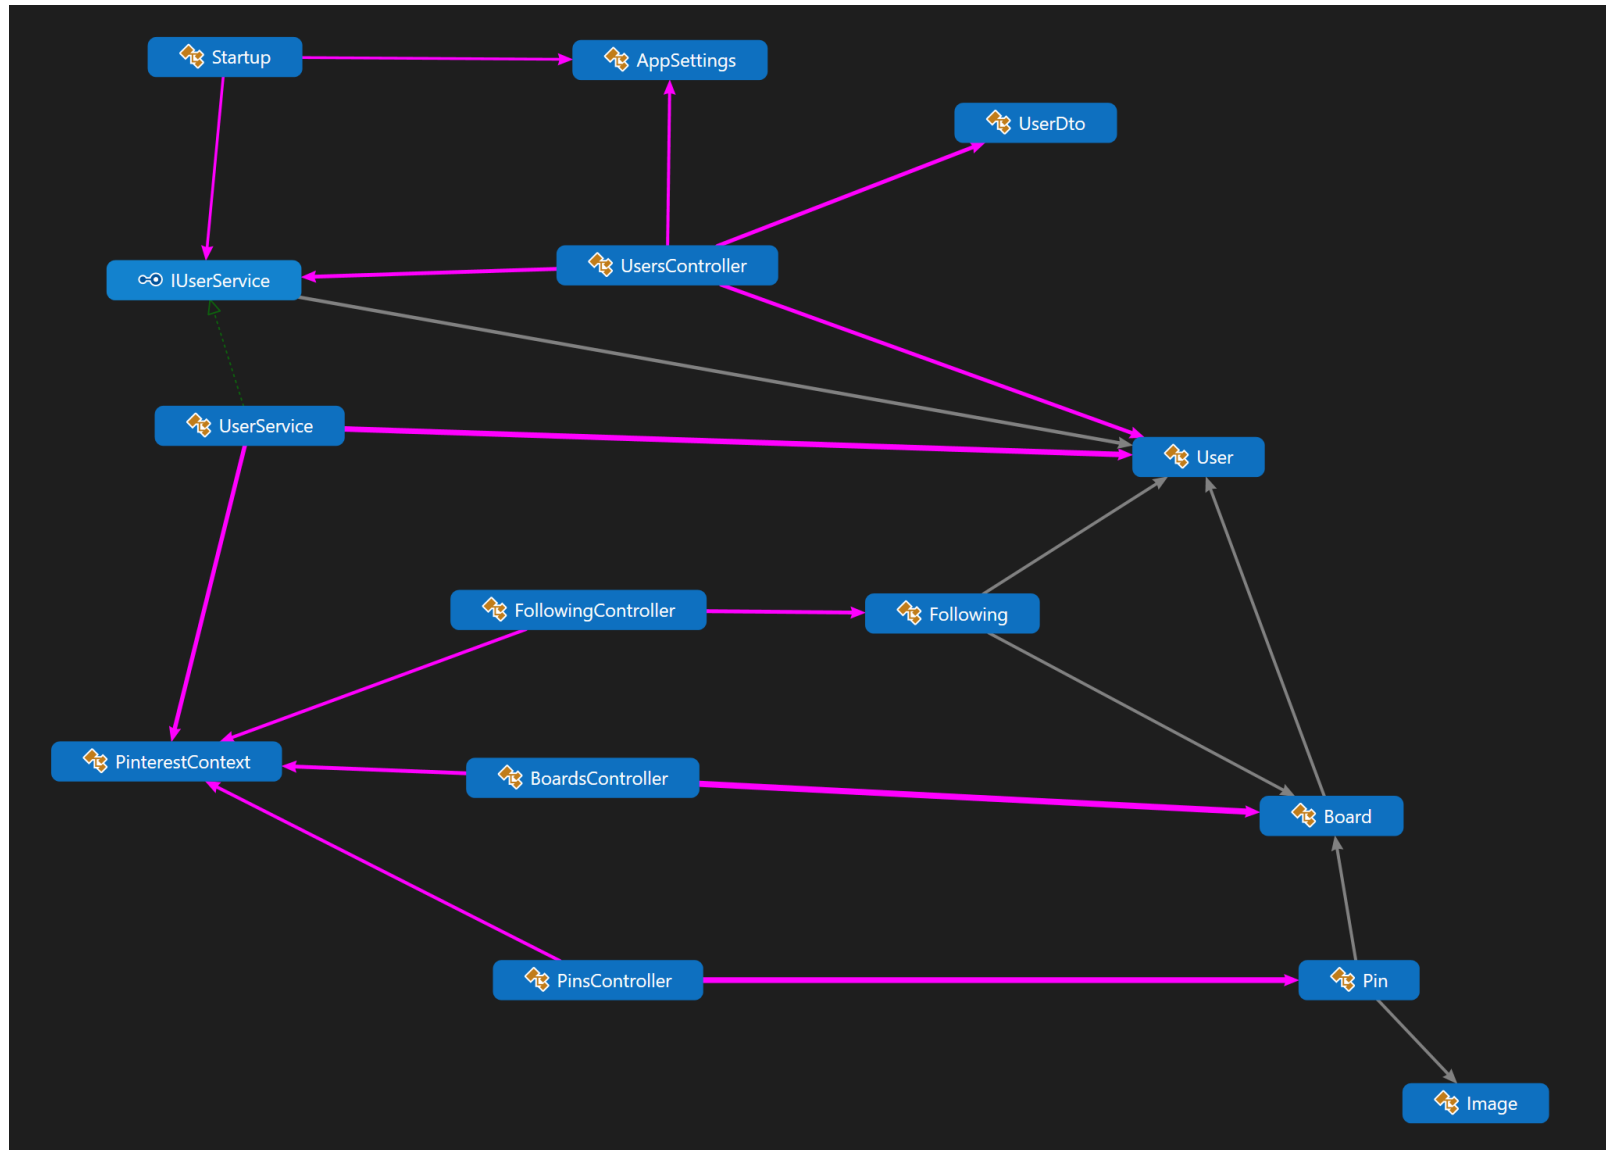

Models (Part 1)

Models (Part 2)

Function Calls

Views

- ActionResult Class
 - Ok()
 - BadRequest()
 - CreatedAt()
 - ...
- HTML Response filled with model
